PROJECTS:

MSACCO MOBILE APP	The MSACCO App is a financial management system designed to enhance MSACCO (Msilikali Savings and Credit Cooperative Organization) operations by providing a seamless, secure, and efficient way to manage savings and loans. This digital platform addresses challenges such as manual record-keeping, slow loan processing, and lack of real-time financial insights.
NEUROTECH SYSTEMS LIMITED WEBSITE	A modern corporate website designed for NeuroTech Systems Limited to showcase their technological solutions, services, and industry expertise. The platform features responsive design, interactive data visualizations, and secure content management, offering an intuitive experience for both clients and administrators.
